Carlota

Product Designer

🌍 Online Portfolio

Experienced Product Designer with a track record of building scalable systems and user-centered experiences. Skilled in end-to-end design, user research, and cross-functional collaboration. Passionate about aligning design with business impact.

👩‍🎓 EXPERIENCE

Welltech
Dec 2025 – Present

Senior Product Designer, Growth team

- Redesigning internal tools for PGMS to streamline funnel creation and optimization across teams.
- UX research and iterative testing to improve efficiency, clarity, and adoption within critical workflows.
- Partnering with PMs, engineers, and stakeholders to define scalable funnel-building frameworks and align tooling with broader product strategy.

Remote
Jul 2023 – Jan 2025

Senior Product Designer, Employee Lifecycle

- Conducted deep user research with HR professionals via interviews and testing.
- Developed personas, journey maps, and prototypes to validate and guide solutions.
- Built and maintained a design system to support product scalability and visual consistency.
- Advocated for design solutions in cross-functional reviews and leadership syncs.

Pitch
Jul 2020 – Feb 2023

Design Lead, Growth team

- Owned design strategy and roadmap to support growth beyond product-market fit.
- Identified product opportunities using qualitative insights and experimentation.
- Partnered with Sales and Customer Success to address enterprise client needs.
- Championed cross-team alignment and elevated product design quality.

Typeform
Jun 2018 – Jun 2020

Senior Product Designer, Builder

- Drove end-to-end design on major initiatives, from ideation to launch.
- Used data-informed design to solve user problems and improve product metrics.
- Mentored junior designers and fostered a collaborative design culture.
- Led product strategy discussions with Product and Engineering counterparts.
